Phone: \_\_\_\_\_

Address: \_\_\_\_\_

### About your spa:

A: \_\_\_\_\_ mm

B: \_\_\_\_\_ mm

C: Radius: \_\_\_\_\_ mm (see over for instructions)

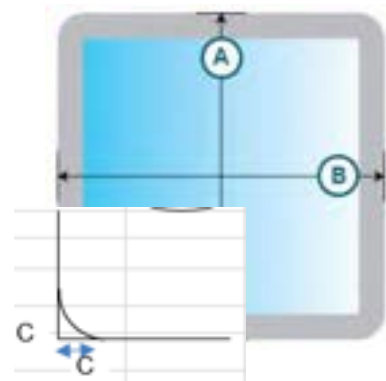

Skirt: \_\_\_\_\_ mm

**Standard skirt length is 120mm** (if you require this changed, additional charges will apply)

Colour: \_\_\_\_\_ (see next page)

Spa Make (if known): \_\_\_\_\_

Spa Model (if known): \_\_\_\_\_

**What style of cover would you like? (please circle)**    Performer    Endurance

The Performer cover is suited to normal suburban life.

The Endurance cover gives you a little extra security if the cover does happen to have a weight placed on it accidentally.

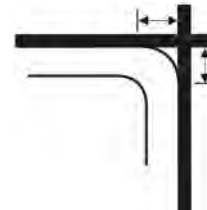

**Do you have control buttons on the top lip of your spa?**

No or Raised less than 25mm     Yes Raised more than 25mm

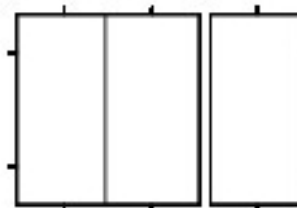

**HOW TO MEASURE CORNER RADIUS**

Measure from the extended corner (i.e where the sides would meet if the spa were square) to where the spa touches your straight edge.

**Swim Spa Cover Configuration**

**2400mm to 3600mm**  
1 joined & 1 separate piece

**3600mm to 4800mm**  
2 joined pieces

**4800mm to 7200mm**  
3 joined pieces
